

## JOB OFFER

**BEKO CAPITAL ADVISORY S.A** Stock Exchange Company located in Douala, is recruiting a Financial Analyst with experience in the stock exchange and/or banking sector.

### Responsibilities

Under the hierarchical supervision of the Managing Director, the Financial Analyst's main tasks will be:

- **Financial analysis:** Carry out financial analysis of projects and their feasibility based on financial and economic indicators. Produce detailed reports of said analyses for clients and give strategic advice to operators and investors.
- **Financial modelling:** Develop complex financial models to produce financial projections, evaluating clients' investment projects and carry out valuation work.
- **Sector-based research:** Carry out market research and sector analysis to identify investment trends and opportunities, as well as gathering and analysing information as part of economic and financial intelligence.
- **Preparation or review of business plans, pitches/teasers:** Help prepare presentations for clients, including strategic recommendations and analyses of operations.
- **Monitoring files/transactions:** Follow up with clients on a weekly basis, carry out due diligence and, if necessary, produce periodic monitoring/reporting reports and act as the company's operational liaison with customers.

### Profile

- **Education:** Minimum of 5 years' higher education in banking, finance or economics.
- **Professional experience:** At least five (05) years' professional experience as a financial or credit analyst in the financial sector, capital markets, banking or any other similar sector.
- **IT skills:** Proficiency in the use of Zoom and Teams, proficiency in the use of the MS Office Suite: Word, Excel (financial modelling), Powerpoint, Outlook, VBA, etc.
- **Analytical skills:** Ability to interpret complex data and make clear recommendations

- **Research skills**

- **Bilingualism required (English/French)**

**Other skills required for the position**

- Strong financial strategy skills
- Mastery of financial tools and software
- Good interpersonal and communication skills
- Ability to analyse and summarise
- Thoroughness, accuracy and intellectual curiosity
- Strong ability to work under pressure with accuracy, to anticipate and to work as part of a team
- Discretion and confidentiality of information handled

**Submission of applications**

- All applications will only be received by e-mail at [beko@bekocapital.com](mailto:beko@bekocapital.com)

- **Contact: 696 774 824**

- **Deadline: 30 September 2024 at 2pm.**

- **Starting Date: 07 October 2024**

- Place of duty: Douala

- Application files: Cover Letter and Curriculum Vitae.
